

School Bus RFP

- Contract was awarded to multiple vendors on December 30, 2013. The three vendors are:
 - White's International Trucks (IC Bus)
 - Thomas Built Buses
 - Gregory Poole (Bluebird)
- RFP included the following fuel/engine options:
 - Diesel Engines
 - Propane Engines
- To date, there have been no inquiries or complaints to P&C about the inclusion of propane as a fuel source option.
- DPI is still testing propane vs. diesel engine fuel options and has not yet made test results public.
- 183 school buses have been ordered to date off of the new contract - all calling for diesel fuel.
- CNG buses are not yet available or in production.
